OUR COMMITMENTS FOR YOUR SUCCESSFUL STAY

To allow you to experience your stay as intensive as possible we guarantee :

- ❑ The provision of **all the necessary equipment** to take part in certain activities. E.g. availability to give a ski suit for each participant
- ❑ **Permanent presence** of a member of the Club Vercors team during all your stay, available for you at any moment
- ❑ Supervision of all your activities by the **qualified staff**
- ❑ Provision of an official car for the person in charge of the group
- ❑ **Respect for food choices** of each group member - Rich, varied food, cooked by our chef on site only from fresh products.

CLUB VERCORS ORGANIZATIONAL TIPS

Preparation is the key-word of the successful stay

- ❑ To define as soon as possible the type of activity to discover by children : winter sports, outdoor sports, cultural outings, discovery of nature, specific themes...
IMPORTANT : not to make an overloaded request, this will not allow an adequate contribution or a satisfactory progress.
- ❑ Feel free to ask us some hints. Our experience will be particularly useful during your first stay. Start to estimate your budget for different activities on site and to define if you need an everyday animators' presence (obligatory for the primary school) or if you have enough of qualified staff
- ❑ After having contacted us, determine the possible common dates of stay, taking into account air flight options. Club Vercors manage multiple establishments and the choice of a place of stay can depend on the number of persons in a group. Taking an initiative in the preparing of your stay without consulting us could lead either to a change of a reception center, or to an undesirable living with another group. Do not forget to check an assurance coverage range and to ask us about the local complement.

- ❑ The regular interchanges with our team will let you to refine the grid of your program of activities, and we will book professionals necessary for your group (transport, sports instructors, guided visits...).
- ❑ A completed estimate is clearly drawn up : every line corresponds to the service rendered, whether means of transport, animators, or supervised activity programs. At this stage some modifications are possible, but you shall have to match your desires with the budget.
- ❑ The prepayment is made according to the schedule, established in the estimate.
- ❑ One month before your arrival we have to prepare our staff, so you have to provide us with the next information : dietary specifics and medical cons-indications to respect, the different sizes of equipment to book (ski suits, ski masks, ski helmets...) or the age of participants for the certain activities.
- ❑ We are entirely available for your school for a preparatory meeting with teachers or parents via a videoconference. The rules of stay, lifestyle and the recommendations for clothing of Club Vercors will be transmitted to the participants to facilitate the clothes' choice and to assure families.
